*“When we dream alone, it is only a dream.
When we dream with others, it is the beginning of reality.”
Dom Camera Helder*

2023 CALENDAR YEAR ACHIEVEMENTS

- **12,106 Family Planning Services** delivered, including **5,679 first-time clients**.
- **39,278 Couple Years of Protection (CYPs)**, the internationally accepted metric by which USAID measures family planning achievement.
- **2,801 Medical Consultations** primarily in reproductive health, including a range of primary and secondary health care.
- **2,319 Medical Follow-ups:** Lab exams, x-rays, CT scans, sonograms, biopsies and treatments.
- **2,461 Surgeries:** Tubal sterilizations, vasectomies, hernia repairs, various gynecological, orthopedic, oncological, pediatric, ophthalmologic, and ENT procedures.
- **628 Reproductive Health Workshops** for **17,866 participants** with the focus on teenagers, students, young adults, and public health and education personnel.
- **Scholarship Program** for 50+ high school students at a remote rural school and 10 university students at college.
- **Emergency Assistance** delivered to dozens of families to alleviate critical problems associated with poverty, such as childhood food insecurity.
- **Fruit Tree Distribution Program** expanded with the establishment of durian plantings in our local rural community as well as on the western side of the country. Durian is the lucrative Asian fruit highly sought after by the Chinese populations residing in Venezuela. Tree permaculture conserves the tropical environment and ameliorates climate warming.
- **Support for Infrastructure Projects** that benefit the community as a whole, such as maintaining the schools, bridge, trails, and water and electric systems.

CUMULATIVE & ONGOING ACHIEVEMENTS FROM 1997-2023

- **76,201 low-income women and their families have received family planning**
- **278,533 Couple Years of Protection (CYPs)**
- **21,840 Medical Consultations**
- **4,419 Medical Follow-ups**
- **16,558 Surgeries**

- **4,581 Reproductive Health Workshops** attended by **98,519 participants**.
- **Small Rural Library & Computer Facility** established, staffed and maintained two hours walking distance from the nearest road, with subsidized school supplies and tutoring offered.
- **Support for Infrastructure Projects** to enhance the quality of life in our target rural community: maintaining the bridge, trails, remote school construction, and off-the-grid water and electric systems.

SUPPORT FOR TURIMIQUIRE FOUNDATION STAFF

The ongoing humanitarian crisis in Venezuela has spurred over six million people to flee the country. Many have ended up at the US border. In the face of this exodus, we are thankful that we've been able to extend a lifeline to our Venezuelan administrators, rural outreach promoters, doctors, nurses, educators, sociologists, and social workers, which helps these dedicated professionals to keep working in Venezuela where they are truly needed.
